What the post-Trump debate over journalism gets wrong We don't need journalists to hold fast or change everything, but a little of both Tom Rosenstiel Tuesday, December 20, 2016.

What the post-Trump debate over journalism gets wrong

From a somewhat abstract debate about the who counts as a journalist online and offline, the surge of so-called "fake news" has injected concerns about national security, cyberspying, enemy propaganda, and the toxic power of trolls into arguments about the boundaries of the journalism profession.

These are the four waves of journalism studies over the ...

Journalism is the production and distribution of reports on current events based on facts and supported with proof or evidence. The word journalism applies to the occupation, as well as citizen journalists who gather and publish information based on facts and supported with proof or evidence. Journalistic media include print, television, radio, Internet, and, in the past, newsreels.

The "debate" about them exists, too, insofar as there are two sides that are arguing about them. This framing, however, risks missing that there is, in reality, no choice to be made between public health and a healthy economy—because public health is an essential prerequisite of a healthy

economy.

The false 'debate' over reopening America - Columbia ...

The raging debate over the merits of journalism education has left many of my colleagues on the defensive or, worse yet, silenced. Some have quietly wondered if the critics are correct when they suggest that a journalism education has no place in the academy and simply forestalls for students more valuable experience to be found in the newsroom.
