Diversity at ACS. More in this topic. The American College of Surgeons (ACS) is committed to a policy of equal employment opportunity and considers all persons without regard to race, color, sex, sexual orientation, creed, religion, age, national origin, handicap or disability, marital status, veteran status, citizenship status or any other attribute or characteristic protected by law.

Diversity at ACS - facts.org

The mission of the Committee on Diversity Issues is to study the educational and professional needs of underrepresented surgeons and surgical trainees and the impact that its work may have on the elimination of health disparities among diverse population groups. To this end, the Committee seeks recognition and support from the American College of Surgeons (ACS) through the College’s mission policies and programs.

Committee on Diversity Issues - American College of Surgeons

New synthetic technologies for the preparation and elaboration of α -tosyloxy ketones in solution- and on solid-phase are described. Both olefins and ketones serve as precursors to these relatively stable chemical entities: olefins via a novel one-pot epoxidation, arylsulfonic acid displacement, and oxidation sequence, and ketones by direct exposure to arylsulfonic acids in the presence of ...

Novel Chemistry of α -Tosyloxy Ketones: Applications to the ...

We present the synthesis of metal oxide frameworks composed of [NaP5W30O110]14– assembled with Mn, Fe, Co, Ni, Cu, or Zn bridging metal ions. X-ray diffraction shows that the frameworks adopt the same assembly regardless of bridging metal ion. Furthermore, our synthesis allows for the assembly of isostructural frameworks with mixed-metal ion bridges, or with clusters that have been doped ...
