What A Plant Knows A

If plants can see, smell, feel, know where they are, and remember, then perhaps they do possess some kind of intelligence. Maybe that is worth reflecting on the next time you casually stroll past a plant.” —Chelsie Eller, Science “Like us, a plant that aspires to win the rat race must exploit its environment.

What a Plant Knows: A Field Guide to the Senses: Chamovitz ...

What a Plant Knows is a very brief survey of research into plant senses and awareness: a bare 120 pages divided into sections on sight, hearing, smell, touch, proprioception, and memory. A fascinating subject, to be sure, but too shallowly and sketchily treated.
